Introducing the Music Ministry of Marty Miller ~

Who is Marty?

Marty Miller is a Christian contemporary artist, who carries on a Regional Music Ministry throughout Michigan and the surrounding states. Marty presents 1 to 1½ hour concerts in churches, camps and colleges, and has been singing now for over 20 years. He schedules both adult and youth concerts, and picks his material accordingly. Marty is a songwriter, and shares a lot of his own material from personal experiences, plus he also sings songs that have spoken to him, from other artists as well. He also adds a blend of worship songs in and out of the concert, to bring the people together in unity, and focused on Jesus. Marty plays acoustic guitar and keyboard, and also uses background tracks for variety. He also supplies a complete sound system. He also has two CDs out: Both Eyes Open & Love Will Shine Through.

What to expect from the concert:

The feel of the concert itself tends to be very honest, open and laid back. Since Marty shares a lot of his own writings, he is able to communicate from a personal level on such topics as fellowship, prayer, witnessing, and trusting God through the struggles in life. He has a gift of "using" the music to open the hearts of the listener. The ultimate goal of Marty's heart is to see people really come to know God personally, and to share that daily growth and closeness with others throughout their future walk. The Gospel is more than just fire insurance; it is a daily walk with the Spirit to grow, share, give praise, and work out that Salvation. These are what Marty's songs deal with. Marty also keeps the concerts humorous and interesting, while keeping a goal in mind of total commitment to Christ. Marty also has CDs available.

Come and enjoy a relaxing time of thought provoking songs and conversation, exciting worship together, and a fresh blend of acoustic artistry.

... music that fits, with a message that lasts a lifetime. . .
